Moderna Vaccine Materials Available

Moderna vaccines have started to be received in Illinois. As you are preparing to administer the Moderna vaccine, please review the materials available from FDA, CDC and Moderna.

Key Documents:

[FDA News Release](#): FDA Takes Additional Action in Fight Against COVID-19 By Issuing Emergency Use Authorization for Second COVID-19 Vaccine

Moderna COVID-19 Vaccine EUA [Letter of Authorization](#)

Moderna COVID-19 Vaccine EUA [Fact Sheet for Healthcare Providers](#)

Moderna COVID-19 Vaccine EUA [Fact Sheet for Recipients and Caregivers](#) ([Spanish](#), [Tagalog](#), [Chinese](#), [Vietnamese](#), [French](#), [Arabic](#))

Moderna COVID-19 Vaccine [Standing Orders Template](#)

More [information](#) about the Moderna COVID-19 Vaccine

Moderna has a [website](#) for up-to-date documents, information for providers to look up expiration dates by lot number, and a link for reporting adverse events.

Some Key Points from the Fact Sheet for Providers:

FDA has approved the vaccine for individuals 18 years of age and older

Two doses of vaccine, 28 days apart, are to be administered intramuscularly.

Storage

The Moderna COVID-19 Vaccine multiple-dose vials are stored frozen between -25° to -15°C (-13° to 5°F). Store in the original carton to protect from light.

Vials can be stored refrigerated between 2° to 8°C (36° to 46°F) for up to 30 days prior to first use.

Unpunctured vials may be stored between 8° to 25°C (46° to 77°F) for up to 12 hours.

After the first dose has been withdrawn, the vial should be held between 2° to 25°C (36° to 77°F). Discard vial after 6 hours. Do not refreeze.

Moderna Call Center

The Moderna Call Center is available from 8am to 8pm EST, Monday through Friday and can be reached at 1-866-MODERNA (1-866-663-3762).
